THE LEADBETTER GOLF ACADEMY

The Evian Resort welcomes the David Leadbetter Academy to its golf training course.

Practice zones and stations will be specially reserved for Leadbetter instruction. The "Dryrainge" system will also be available, offering players portable cover so they can train on grass sheltered from the rain and sun. Finally, numerous instruction drills and tools using the latest technology have been installed to provide top-quality tuition: Trackman, Boditrak, SAM PuttLab, MySwing and a indoor putting green.

The entire set-up is supervised by Head Pro **Carlo Alberto Acutis**, trained in David Leadbetter instruction techniques.

LEADBETTER Instruction

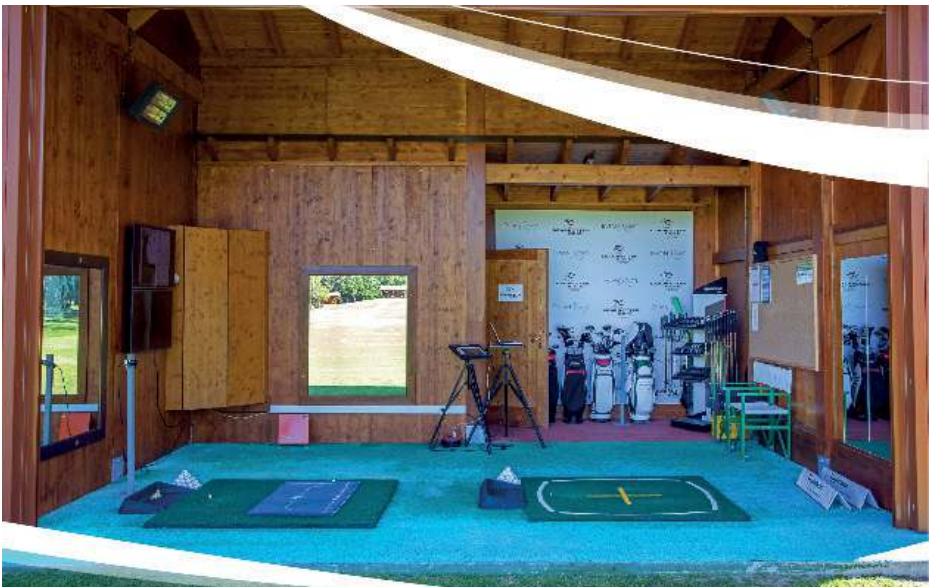

The theories and methods proposed by David Leadbetter instruction, based on synchronisation and the transfer of energy, have transformed golf and its influence is unmatched at all levels.

Concept

The instruction given to professional players is also applicable to total beginners or amateur golfers with a high or low handicap.

Philosophy

The movement of the body and arms are two key components of the swing. Their speed and coordination on impact is one of the keys to golf. The transfer of energy is also essential, from the posture through to the release.
